Selection of Candidates for Training in Diploma Course in Forestry at Dehra Dun.

*Q.—263. Sri T. PARTHASARATHY
(Malleswaram).—

Will the Government be pleased to
state :—

(a) the procedure adopted while
selecting the candidates for training

in Diploma course in Forestry at Dehra Dun ;

(b) what are the pre-requisites prescribed for the selection ;

(c) whether the procedure and pre-requisites (such as, conducting written examination, oral examinations, scrutinising of age, qualifications and physical fitness) were strictly adhered to and looked into as per the Gazette notifications made ;

(d) the reasons for not selecting Ranger Trained Departmental Graduate candidates even though they applied during 1958-59 selection ?

A.—Sri K. F. PATIL (Minister for Forest and Transport).—

(a) After ascertaining the number of seats allotted for this State by Government of India, Government requests the Public Service Commission to select the number of candidates for deputation for training in the diploma in Forestry Course at Dehra Dun at Government cost according to the rules prescribed for admission to the Forest College, Dehra Dun. The Public Service Commission advertise for applications accordingly also having regard to the cadre and recruitment rules of the Forest Department. The list of candidates finally selected by Public Service Commission is forwarded to Government which makes the final selection of the candidates.

(b) As stated in the Annexure appended.

(c) Yes, but written test was not held as the time at the disposal of the Commission was too short to select the candidates on the basis of the results of the written examination.

(d) Ranger candidates are eligible for being selected by the Public Service Commission provided they satisfy the rules of admission to the Forest College, Dehra Dun. During 1958-59 Selection, a Ranger candidate has been selected by the Public Service Commission as he fulfilled the conditions of selection.

Selection of Probationers.—

The selection of candidates rests with the State concerned, and is governed by rules framed for the purpose.

No direct applications are entertained by the College.

In order that a high degree of efficiency in the training may be ensured, the selection procedure adopted by a state must conform to the minimum standards laid down in the following paras :

Age.—Candidates must not be less than 19 nor more than 24 years of age on October 1 of the year of admission to the College. The upper age limit may be relaxed in the case of scheduled castes, scheduled tribes and backward classes candidates by not more than 5 years. Candidates must produce a certificate of age on joining the College.

Educational qualifications.—No student will be eligible for admission to the College unless he holds a Bachelor or Master's degree in Natural Science, Mathematics, Geology, Mechanical Engineering or Agriculture not lower than 2nd class of a recognised Indian University or an equivalent foreign qualification :

A degree of a University not showing the class would be deemed to be a degree of second class.

Physical standards.—The following minimum standard of physical fitness are prescribed :—

Height 5 ft. 4 inches.

Chest 31 inches. Expansion at least 2 inches.

Candidates must undergo a physical test consisting of a walk over 16 miles to be covered in 4 hours. This test will be arranged by the State Public Service Commission.

Health certificate :—The State Public Service Commission will arrange for medical examination of candidates by a Medical Board. Candidates will be required to produce a health certificate signed by the Medical Board in the form prescribed by Article 49 of the Civil Service Regulations, testifying to the candidate's sound hearing and general physical fitness for rough out-door work in the Forest Department and to the fact that he bears on his body marks of successful vaccination.
